## NZ Update 14 August 2015

**Hello there.** A prayer request just received from Kaye Evans:

“I would like to ask for prayers for recovery following foot surgery on the 5th August. The surgery is to correct a 'dropped foot' which happened with a back injury 4 years ago. I will be eight weeks in plaster with no weight bearing on the foot while it heals. Tendon and muscle is transferred from one side of the foot and attached to the other side which is not working. I will be in plaster for 8 weeks while everything heals and then a walking boot or similar for another 6 weeks. At the moment for every 10 minutes of having my foot down (e.g. crutching around etc.) I must have it up for 2 hours! So immobility is me at the moment. The surgeon said everything went well as he planned and I was out of hospital the next day. So far all is going well and this is testimony to God's faithfulness as I have been trying to get this in the Update for 2 weeks - due in part to computer problems etc! God does not need the mail to go to the right place before he answers prayer (even before it's been asked for - how amazing is that!) Les is back at work but I have the blessing of a little 11 year old helper on several days a week and friends to visit so am thankful for that. ACC are also going to provide me with some help. Unfortunately we won't be able to come to the Feast this year which is a disappointment but we wish everyone a marvellous time and no doubt we will hear all about it. However we have a representative from Southland - Sue Wood is coming up with her two grandsons.”

**Email address changes:** If anyone still has my address as [rex@wcg.org.nz](mailto:rex@wcg.org.nz) in your address books, please update this to [rex@gci.org.nz](mailto:rex@gci.org.nz), and similarly Dennis' address has changed from [dennis@wcg.org.nz](mailto:dennis@wcg.org.nz) to [dennis@gci.org.nz](mailto:dennis@gci.org.nz).

Warm regards to all, Rex
